

# Bootcamp Ground Rules

- Remember that the bootcamp is for skills to assist in passing the exams. We do not cover anything in the homework notebooks.
- Therefore, questions on homework notebooks will receive a response to ask in Piazza.
- Ask all questions in the Chat.
- Do not say student names (FERPA compliance).
- Questions that are off topic, too deep into the topic, or tangential will also receive a response to ask in Piazza.
- Do not ask questions on exam format/content – We will cover all information related to the format/content of exams over time and when appropriate.
- Course Administrative Questions are for Piazza, not here.
